

GONG **GZ** ZILLA

LIVE

IN CONCERT

Journalist Bill Milkowski called Gongzilla "simply mind-boggling." GZ's blistering jazz/rock albums have paired Bon Lozaga and Hansford Rowe—the group's founders—with jazz fusion legends such as Allan Holdsworth, David Torn, and David Fiuczynski. More recently, GZ has been joined in the studio and in concert by jamband heroes such as Chuck Garvey and Jim Loughlin of moe. and Jake Cinninger of Umphrey's McGee, and has spotlighted Rowe's vocals, fusing tight songs with improvisational rock. Don't miss them!
